NETSYNC

Federal Solutions for Digital Transformation

Netsync is a Woman-Owned Small Business (WOSB) with extensive experience providing a wide range of technology solutions. Netsync holds the highest technical certifications for industry leaders, including Cisco, NetApp, F5, Dell EMC, HP, AWS and VMware. We have over 100 experienced, highly credentialed engineers who design, deploy, build and manage solutions to modernize customers' IT infrastructures. Netsync enables government organizations to deploy technologies that accomplish strategic objectives while carefully adhering to strict compliance standards.

2500 West Loop South, Suite 410 | Houston, TX 77027 | www.netsync.com
TAX ID: 32-0030329 | DUNS: 143042120 | CAGE CODE: 4XU10 | GSA SCHEDULE: 47QTCA19D00KL

Deployment Solutions

Netsync works closely with over 150 enterprise technology partners to address government agencies' most pressing demands, including those related to efficiency, transparency and modernization:

Networking
Netsync has the technical expertise to support any infrastructure requirement, including solutions for software-defined networking (SDN) and software-defined WAN (SD-WAN), data center and cloud, high end routing, wireless and optical WAN solutions.

Collaboration
Netsync is highly experienced at navigating the unique complexities of secure and interoperable VTC networks through VoIP devices, cloud, telephony, streaming technology and mobile integration.

Cybersecurity and Physical Security
Netsync brings a multi-vendor approach to cybersecurity and physical security concerns and strives to effectively deter, detect and protect customers against vulnerabilities or threats to their organization.

Cloud/Data Center
Whether modernizing your infrastructure involves a cloud, multi-cloud, hybrid cloud or on-premise solution, Netsync helps mitigate risks, conduct assessments, and develop migration plans to support your cloud strategy.

Netsync maintains teaming agreements for the following Government-Wide Acquisition Contracts (GWAC) and ID/IQs: NETCENTS NetOps SB, CIO-CS, SEWP V, GSA Multiple Award Schedule (MAS), Response Strategic Sourcing for Services (RS3)

NETSYNC

Netsync's skilled engineering experts hold advanced accreditations in numerous key specializations, including hundreds of certifications that guarantee the deployment and support of your technology requirements.

CISCO — SPECIALIZATIONS

Master Networking Specialization
Master Security Specialization
Master Collaboration Specialization
Master Service Provider Specialization
Advanced Security Architecture Specialization
Advanced Enterprise Networks Architecture Specialization
Advanced Data Center Architecture Specialization
Advanced Video Specialization
Advanced IoT - Connected Safety and Security Specialization

RECOGNITIONS

Partner of the Year Public Sector US - 2020
Services Partner of the Year, South – 2019
Area Partner of the Year, South – 2018
Architectural Excellence Enterprise Networking, South – 2016
SLED Public Sector Breakaway Partner of the Year, US – 2016
SLED Education Partner of the Year, US – 2014, 2017, 2018

CERTIFICATIONS

700+ certifications, including:
134 Cisco Certified Network Associate (CCNA)
87 Cisco Certified Network Professional (CCNP)
61 Cisco Certified Internetwork Expert (CCIE)
3 Cisco Certified Design Expert (CCDE)

VMWARE — CERTIFICATIONS

75 certifications covering a wide range of VMware products and versions

SPECIALIZED COMPETENCIES

Server Virtualization
Hybrid Cloud
Mobility Management
Network Virtualization

DELL EMC — CERTIFICATIONS

Gold Solution Partner
13 certifications covering a wide range of Dell EMC products and versions

NetApp — SPECIALIZATIONS

Federal-authorized service provider
ONTAP data management software
E-Series storage systems
SolidFire all-flash storage systems
Integrated data protection

ACCREDITATIONS

F5 Active/Active Multi Data Center
F5/ACI Active/Active Data Center
F5/VDI Single Sign-On
F5 SSL Intercept/Orchestrator with Next-Generation Firewalls
F5 Local Traffic Manager (LTM)
F5 Global Traffic Manager (GTM)
F5 Application Security Manager (ASM)
F5 Access Policy Manager (APM)
F5 Advanced Firewall Manager (AFM)

AWS GovCloud — CERTIFICATIONS

We provide services on Azure, Google Cloud Platform (GCP), and AWS GovCloud platforms including:
7 AWS Solutions Architect Associate
2 AWS Solutions Practitioner
2 AWS Solutions Architect Professional
1 AWS Certified Advanced Networking
1 AWS SysOps Administrator Associate
1 AWS Developer Associate

Netsync performs under the following North American Industry Classification System (NAICS) codes:

Code	Description
541519	Other Computer Related Services *IT Value Added Reseller (PRIMARY)
334111	Electronic Computer Manufacturing
334118	Computer Terminal and Other Computer Peripheral Equipment Manufacturing
334210	Telephone Apparatus Manufacturing
334220	Radio and Television Broadcasting and Wireless Communications Equipment Manufacturing
334290	Other Communications Equipment Manufacturing
423430	Computer and Computer Peripheral Equipment and Software Merchant Wholesalers
423440	Other Commercial Equipment Merchant Wholesalers
517911	Telecommunications Resellers
