FEDERAL ICT MADE SIMPLE

**PREMIER CUSTOMER CARE | STREAMLINED PROCESS
UNLIMITED SELECTION | LOW SURCHARGE FEE**

A COMPLETE **ICT** SYSTEM

Through SEWP, federal agencies can find an exact fit for their needs, competitive prices, and the best overall value offered by leading hardware and software manufacturers, experienced government integrators, and other service providers.

PREMIER CUSTOMER CARE

SEWP provides a customized experience by building relationships with our federal contracting customers. With SEWP, you will get:

- Free training
- Start-to-finish ordering support
- One business-day turnaround for requests
- Support tools for quote requests and ordering processes
- LIVE CHAT via instant messaging with the SEWP Program Office
- A service ticket system to connect with our Customer Service Representatives
- Trackable status of your ticket using “My SEWP Support”
- A Frequently Asked Questions (FAQs) section for a wide variety of solutions

SIMPLIFIED PURCHASING EXPERIENCE

With SEWP, purchasing ICT is effortless. Agencies will find:

- Accessible SEWP tools to help you find pricing and availability
- A dynamic request-based catalog that grows with customer requests
- Pre-competed contracts that comply with Federal Acquisition Regulations (FAR 16 and FAR 8)
- A Best-in-Class GWAC, as awarded by the Office of Management and Budget (OMB)

LOW SURCHARGE FEES & PRE-COMPETED CONTRACTS

Pre-competited contracts with SEWP vendors help you obtain below-market pricing. Prices are driven even lower via task-order level competition. With us, you will find:

- Low prices – keeping your agency within your budget
- Low surcharge fee built into your bottom-line price (visit our website for the exact fee amount)
- 140+ vetted contract holders
- Supply chain integrity, including our Established Authorized Reseller Program (EARP)
- Easy micro-purchasing options

SEWP is a Government-Wide Acquisition Contract (GWAC) that provides federal agencies pre-competited, multiple-award, indefinite delivery/indefinite quantity (IDIQ) contracts for ICT equipment.

SEWP tools factor in best value prices, scope, availability, and Fair Opportunity compliance.

NASA SEWP'S MISSION: FEDERAL ICT SIMPLIFIED

The SEWP Program Office manages a suite of Government-Wide ICT products and services contracts that enable NASA and all federal agencies to achieve their missions and strategic initiatives by providing streamlined access to critical technologies and solutions. The Program provides best value for the federal government through innovative processes, premier customer service and outreach, data insight, and partnership with government entities and Industry.

WHY USE SEWP?

NASA SEWP is a Government-Wide Acquisition Contract (GWAC) providing federal agencies with a pre-competed, multiple-award, indefinite delivery, indefinite quantity (IDIQ) contract for ICT products and services. SEWP has vetted, negotiated prices, and set upfront terms and conditions with 140+ pre-competed Prime Contract Holders.

NASA SEWP: OUR STORY AND WHY THE DUCK?

In 1993, a NASA engineer set out to make a complex ICT purchase simpler. To meet its mission, NASA needed easier access to the latest technology. NASA SEWP became the first GWAC in the federal arena. The duck came to be associated with SEWP based on the saying “it will be as easy as duck soup.” The phrase “duck soup” is an old Americanism that refers to something that is very easy, like purchasing ICT through NASA SEWP.
