

Biography

Department of the Army

Peter J. Don

Senior Technical Advisor

U.S. Army Intelligence Center of Excellence & Fort Huachuca

Mr. Peter Don is the Senior Technical Advisor for the U.S. Army Intelligence Center of Excellence (USAICoE) and Fort Huachuca, Arizona. In this capacity, Mr. Don serves as Senior Advisor for Intelligence Warfighting Function modernization and is responsible for the exploration and integration of emerging technologies and methodologies into experimentation, evaluation, and training to support the Army's Military Intelligence proponent. He connects people, partners, and programs to build networks across the Defense, Intelligence, Technology, and Academic sectors to generate innovative, viable solutions for USAICoE and address the proponent's mission and challenging modernization demands. Before joining the Senior Executive Service, he served over 30 years on active duty across a myriad of tactical to strategic Army, Joint, Special Operations, and U.S. interagency assignments.
